*“Bear one another's burdens, and thus fulfill the law of Christ.”
Galatians 6:2*

Jesus stated that the world will know that we are His when they see us expressing love and care to one another. (John 13:34-35) Kingdom Care is a conduit through which people of the ELC family can use their **talents and resources to express care for one another** in Christ's love. Perhaps you may give money to pay someone's electric bill. Or you may use your mechanic ability to do vehicle maintenance for single moms. Or have “church” with a shut-in. Or help with a repair job. **Help may come physically, spiritually, or emotionally**, through finances, a visit, a deed...the possibilities are endless. And these expressions do not stop with the ELC family alone. Serving peoples' needs is the way Jesus reached out to lost people, and so can we.

If you are aware of a need within or outside of the ELC family, you may be the one God could use to meet the need, or find someone to help you fulfill it!
