ENGLISH LAKE
Church

We love young people at ELC! Our desire is to come alongside them in relationships, supporting and encouraging them through the sometimes difficult adolescent years. As we **walk together**, we want to **equip** them to become mature disciples of Jesus Christ, helping them to grow in the Word, learning to hear God, and growing in deep relationship with Him. We also want to help them draw their friends into relationship with Jesus. We try to be flexible in the ways we work with youth depending on the number and the needs of the kids involved. Group meetings vary in structure and activity.

There are always many ways to be involved with youth, and we'd love to have you join us!
